

L-Lysine Liquid

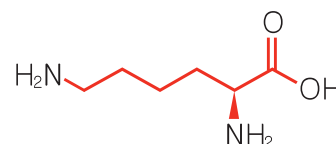

50% Feed Grade

Product Description

L-Lysine is an important part of a well-balanced animal nutrition program, including swine, poultry and aquatic feeds.

SEWON L-Lysine Liquid is a 50% pure feed grade in liquid form. This results in more efficient usage and increased accuracy in a feed manufacturing process, two traits which are essential to creating a well-balanced pellet or feed mixture.

Chemical Properties

- Molecular formula: $C_6H_{14}N_2O_2$
- Molecular weight: 146.2 g/mol
- pH value: 10.0 ~ 11.0

Commercial Guarantee

Lysine base	Min. 50.0%
Moisture	40 ~ 48%
Corresponding to 63% of L-Lysine HCl	

We hereby certify that the L-Lysine Liquid mentioned this site was analyzed and approved by the Department of Quality Management.

Quality Assurance

- ISO 9001, ISO 14001
- FAMI-QS certificates
- HALAL, KOSHER for food grade
- End-to-end quality control management throughout the fermentation process

Packaging & Delivery

- 22.5mt net in a flexitank

Our professional export agents ship product anywhere in the world, including Europe, the Middle East, Asia, and America. Please call us for the answers to any shipping questions you may have.

General Specifications

Appearance	Dark brown liquid
Heavy metals	Less than 20 ppm
Arsenic (As)	Less than 2 ppm
Salmonella species	Negative
Escherichia coli	Negative
Density at 20° C	1.12 ~ 1.17 g/cm ³

Storage & Stability

- **Storage:** Store in a closed container in a dry place at room temperature.
- **Shelf-life:** 1 year from the date of manufacture.

Daesang Solution Service

Over the past several decades, the Daesang Corporation has evolved into a leading international provider of customized services in the animal nutrition field. For any inquiries about our products and services, please contact us via any of the means shown below.
